

User story:

In an MFS mobile app named EasyPay, customers can pay any merchant or utility bill. For each payment, a 1% service charge will be deducted from the customer's balance, with a minimum transaction fee of 5 tk. If a customer has already made transactions totaling 5000 tk for a month, s/he will receive a 20% cashback for any subsequent payments upto 5000 tk. Moreover, if the customer has already completed transactions totaling 10000 tk or more for a month, s/he will receive maximum 30% cashback.

For example: If a customer paid 5000 tk, he will receive 1000 tk cashback. If a customer paid 10000 tk or more, s/he will receive 3000 tk cashback.
